## JANE WEIR

M.R., I.A., I.T.E.C., C.I.E.L., C.I.D.E.S.C.O.

On qualifying from Mary Reid School of Beauty in Edinburgh, Jane went on to further her training and experience at Jenners.

Moving closer to home, she then took up a post in Perth which was short lived as she was given the opportunity to fulfil her ambition to work on board ships cruising the world.

Gaining many awards she soon attained managership on some of the largest and most prestigious ships cruising the Caribbean and Europe giving her wonderful opportunities with advanced American techniques and top French Skin Care. Now returning home with International qualifications and experience will be one of the top Beauty Therapists bringing all the latest and most up to date equipment in Perth and Dundee.

# Plasmalite

---

Fluorescent Pulsed Light

Plasmalite is the third generation of light based skin rejuvenation systems. Incorporating all the benefits of both laser and intense pulsed light, Plasmalite can successfully treat facial vascular irregularities, port wine stains, pigmentation, open pores, fine lines, wrinkles, acne and unwanted hair over all the body.

with Self Tan Bottle      £41.50

## BOTOX

After years of squinting, frowning, laughing, smoking and worrying our face develops deep lines and wrinkles such as "crows feet", forehead lines or "worry lines". Over time, these wrinkles and lines become deeper and more permanent making you look older, tired and stressed.

A simple treatment with Botox can dramatically soften facial wrinkles, leaving you looking younger and more refreshed right now.

Botox is a simple non-surgical procedure that's fast, effective and easier than you think. It relaxes the tiny facial muscles that cause expression lines, leaving the overlying skin smooth and unwrinkled. Treatment takes around 10 minutes.

**Prices from £200.00**

## THERMAGE

Thermage can help smooth and tighten your skin for an overall naturally younger looking appearance without surgery or injections.

As you age, the collagen in your skin breaks down, resulting in wrinkles and sagging skin.

Thermage helps tighten and renew your skin's collagen through all three skin layers.

Its unique capacitive radio-frequency technology safely heats the deeper layer of your skin, stimulating existing collagen and promoting new collagen growth.

The result – skin that looks and feels noticeably smoother, tighter and firmer.

**Prices from £2000.00**

## — COLLAGEN REPLACEMENT THERAPY —

Water is the source of all beauty. Smoothing wrinkles and folds or giving your mouth and fuller, more sensuous form requires no foreign element. Hyaluronic acid exists in all life and its most important function is to bear and bind water in your skin, to lift and give new firmness.

Three types of hyaluronic gel are available:-

**Restylane** – for wrinkle correction and lip enhancements

**Restylane Fine Lines** – for correcting thin, superficial lines

**Perlane** – for shaping facial contours, such as cheeks, chin and lips.

**Prices from £200.00**
